

TRAVEL INFORMATION

Book your International flight OR Tambo International Airport - Johannesburg.

If you require transport from the Airport to Omulu Safaris, please arrange prior to flying with us to make use of our shuttle service to collect you from the Airport.

VERY IMPORTANT!

South African Airlines is the recommended carrier, but make sure your flight is booked on a **South African Airlines** plane, as they allow firearms to be transported. Beware of any linkage to **Mango Airlines** and they can be a real problem if travelling with firearms. If you are hiring a Firearm from the Outfitter, then all airlines can be used.

RIFLE TRANSPORTATION

Please let us know well in advance should you travel with your own firearm so we can send all necessary legal documents.

TRAVELLING WITH MINORS

Make sure to have an "unabridged" birth certificate showing the particulars of the parents of the child if traveling with a child under the age of 18. If only one of the parents is with the child you will then need a written consent in the form of an affidavit from the other parent on the birth certificate authorizing the child to enter or depart from the Republic of South Africa, or a court order granting you full parental responsibilities and legal guardianship, or a death certificate of the deceased parent.

If you are not one of the child's parents, then in addition to the birth certificate, you also need an affidavit from the parents or legal guardian confirming the child has permission to travel with you. You will have to have copies of the parents' identity documents or passports and the contact details of the parents or legal guardian.
